

SA UNIONS

Retraining injured workers for employment

Do you work in
Community Services
or Manufacturing?

Do you have a
workplace injury?

Are you interested in
re-training as part of
your rehabilitation?

We are looking for volunteers for a pilot project to retrain injured workers for full employment in real jobs.

Participation in this project will help you to:

- Know your rights
- Target your skills to real jobs
- Return to meaningful work
- Enable access to relevant training
- Identify transferrable skills

Carole on 8279 2280, 0457 837 228
